| Benzisothiazolone         | Preservative                                      | 2634-33-5   |

## Our Commitment to Safe Chemistry

BISSELL strives to offer you safe and healthier products to clean up life's messes. And we design all of our products with environmental sustainability in mind. BISSELL's cleaning formulas for portable and upright deep cleaners, as well as most BISSELL sprays and foams, contain biodegradable detergents and have no phosphates, dyes, optical brighteners or heavy metals. Most BISSELL machine formulas carry the EPA's Safer Choice certification, which recognizes safer chemistry. Safer Choice named BISSELL a "Champion Formulator" through its Safer Detergents Stewardship Initiative (SDSI), recognizing BISSELL's industry leadership in developing environmentally friendly floor-care formulas.

Most recently, BISSELL has joined the Household & Commercial Products Association's [Consumer Product Ingredient Communication Initiative](#). This voluntary program encourages the use of a consistent format and set of terms for describing the ingredients in floorcare products. This document was created in accordance with CPIC guidelines. Fragrance materials are included on the list authored by International Fragrance Association and available at [IFRA Ingredients](#).
